Taylor

Taylor likes sport and being outdoors. She likes all activities – cycling, canoeing, camping are just three. But most of all, Taylor is crazy about horses! She would be the happiest person in the world if she could spend the summer outdoors in the sunshine on a horse.

Abigail

**Activity:** ☐

Abigail likes lots of different subjects in school but her favourite subject is science – she loves everything to do with technology. One of her favourite movies is Apollo 13 with Tom Hanks. It's about the journey of some astronauts to the moon.

Jesse

Jesse lives in New York. He's a bit older than the other teenagers – he finished high school this year. He has always wanted to visit San Francisco, but even better, he would like to travel to lots of different places in the USA. It mustn't be too expensive, though. Jesse doesn't have much money.
